Are there collaborations taking place between EPSCoR and IDeA programs in your jurisdiction (e.g., NSF EPSCoR Track I and INBRE)? If so, please choose all that apply:

Would you be interested in learning more about how other jurisdictions' IDeA and EPSCoR programs collaborate?

Would you attend/participate in a panel discussion or workshop on this topic?

If you are interested in participating/presenting at a panel or workshop on this topic, please provide your name and contact information:

If your state's IDeA and EPSCoR programs are collaborating, what do you see as the benefit(s) of this collaboration?

What do you see as barriers to collaboration between EPSCoR and IDeA programs either in your jurisdiction or more generally?
