Established Program to Stimulate Competitive Research (EPSCoR)

Share with your Research Investigators!
EPSCoR History:

- **1979:** National Science Foundation (NSF) created the Established (formerly Experimental) Program to Stimulate Competitive Research (EPSCoR) in response to concern over the uneven distribution of federal research and development grants.

- **1992:** Public Law 102-588 authorized NASA to initiate NASA EPSCoR to strengthen the research capability of jurisdictions that have not in the past participated equably in competitive aerospace research activities.

- EPSCoR now spans six federal agencies:
Established Program to Stimulate Competitive Research (EPSCoR)
NASA Mission Directorates:

1. Aeronautics Research Mission Directorate (ARMD)
2. Exploration Systems Development Mission Directorate (ESDMD)
3. Science Mission Directorate (SMD)
4. Space Operations Mission Directorate (SOMD)
5. Space Technology Mission Directorate (STMD)
